

# LEARN...

# THE SCIENCE OF SAVING

at your credit union

This April, APCU, along with thousands of credit unions nationwide, will be celebrating National Credit Union Youth Month. This year's theme, "The Science of Saving," encourages our young APCU members to make saving a habit to help achieve future goals.

To get the youngster in your life involved in the Youth Month celebration, follow these simple steps:

- Be a member between the ages of 3 and 14 years old.
- Deposit \$25.00 or more into an existing APCU youth account or open a new youth membership with APCU during April 2018.

Our youth members who meet this criteria will receive an APCU Sport Pack.\* It's that easy!

At APCU, every member counts and our young members are no exception. Please join us as we celebrate Youth Month between April 1, 2018, and April 30, 2018, by helping all the members of your family, including those 14 years old and younger, become responsible super-savers at APCU. Remember, credit union membership is a gift that lasts a lifetime. For more information, please contact our Member Service Department toll-free at (800) 849-8431.

\*One APCU Sport Pack per Savings Account. Primary Account owners must be between the ages of 3-14. Deposits must be received and posted to their account between April 1 - 30, 2018.
