Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this Rate and Fee Schedule are share accounts.

1. Rate Information. The Annual Percentage Yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For Share, Secondary Share, Holiday Club, Vacation Club, and IRA Savings accounts, the Dividend Rate and Annual Percentage Yield may change quarterly as determined by the Credit Union's Board of Directors. The Dividend Rates and Annual Percentage Yields are the rates and yields as of the last dividend declaration date which is set forth in the Rate and Fee Schedule.

2. Nature of Dividends. Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period.

3. Dividend Compounding and Crediting. The compounding and crediting of dividends and dividend period applicable to each account are set forth in the Rate Schedule. The Dividend Period is the period of time at the end of which an account earns dividend credit. The Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period.

4. Accrual of Dividends. For all accounts, dividends will begin to accrue on non-cash deposits (e.g. checks) on the business day you make the deposit to your account. For all accounts, if you close your account before accrued dividends are credited, accrued dividends will not be paid.

5. Balance Information. The minimum balance requirements applicable to each account are set forth in the Rate and Fee Schedule. For Share, Secondary Share, Holiday Club and Vacation Club accounts, there is a minimum daily balance required to obtain the Annual Percentage Yield for the dividend period. If the minimum daily balance is not met, you will not earn the stated Annual Percentage Yield. For all accounts using a Daily Balance

method, dividends are calculated by applying a daily periodic rate to the principal in the account each day. Any fees charged to the account could reduce the earnings on the account.

6. Account Limitations. For Share and Secondary Share accounts, no more than six (6) preauthorized, automatic, or telephone transfers may be made from these accounts to another account of yours or to a third party in any month. For Share and Secondary Share accounts, five (5) withdrawals are allowed per quarter after which a fee will be charged. If you exceed these limitations, your account may be subject to a fee or be closed. For a Holiday Club account, the entire balance will be paid to you by check or transferred to another account of yours on or after November 1 and the account will remain open. You may be charged a withdrawal fee of \$10.00 for each withdrawal from the account. For Vacation Club accounts, two (2) withdrawals allowed during the club period after which a fee may be charged. For Vacation Club accounts, the withdrawal amount must be \$100.00 or more. For IRA Savings accounts, you must be a minimum age of 59 1/2 to withdrawal without penalty. For ATM transactions, the maximum cash withdrawal allowed is \$500.00 per day.
