# Business Deposit Account Rate and Fee Schedule

Effective October 1, 2018

	DIVIDENDS			BALANCE REQUIREMENTS				LIMITATIONS
	Dividend Rate/ Annual Percentage Yield (APY)	Dividend Compounded/ Credited	Dividend Period	Minimum Opening Balance	Minimum Balance to avoid a Service Fee	Minimum Balance to Earn the Stated APY	Balance Method	See Section 6 below
Primary & Secondary Savings Accounts For 4th Quarter 2018	.748% / 0.75%	Quarterly	Calendar Quarter	\$25.00	----	\$50.00	Daily	Account transfer and withdrawal limitations apply.
Primary & Secondary Savings Accounts For 1st Quarter 2019	Not Yet Declared	Quarterly	Calendar Quarter	\$25.00	----	\$50.00	Daily	Account transfer and withdrawal limitations apply.
Business Advantage Checking Accounts	----	----	----	\$25.00	Maintain a daily balance of \$500 or more during statement cycle	----	----	Account transfer and withdrawal limitations apply. See attached fee schedule.

**1. Rate Information.** The rates and terms applicable to your Business account at the Credit Union are provided in this Rate and Fee Schedule. **The Business Advantage Checking account is a non-interest bearing account.** For Business Advantage Savings accounts, the Annual Percentage Yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For Business Advantage Savings accounts, the Dividend Rate and Annual Percentage Yield may change quarterly as determined by the Credit Union's Board of Directors. The Dividend Rates and Annual Percentage Yields are the rates and yields as of the last dividend declaration date which is set forth in this Rate and Fee Schedule.

**2. Nature of Dividends.** Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period.

**3. Dividend Compounding and Crediting.** The compounding and crediting of dividends and dividend period applicable to each account are set forth in the Rate and Fee Schedule. The Dividend Period is the period of time at the end of which an account earns dividend credit. The Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period.

**4. Accrual of Dividends.** For all accounts, dividends will begin to accrue on non-cash deposits (e.g. checks) on the business day you make the deposit to your business savings account. For all business savings accounts, if you

close your account before accrued dividends are credited, accrued dividends will not be paid and will be paid on the full balance in the account on that day.

**5. Balance Information.** The minimum balance requirements applicable to each account are set forth in the Rate and Fee Schedule. For Business Advantage Savings and Secondary Business Savings accounts, there is a minimum daily balance required to obtain the Annual Percentage Yield for the dividend period. If the minimum daily balance is not met, you will not earn the stated Annual Percentage Yield. For all accounts using a Daily Balance method, dividends are calculated by applying a daily periodic rate to the principal in the account each day. Any fees charged to the account could reduce the earnings on the account. For Business Advantage Checking accounts, the service fee may be avoided by maintaining a minimum daily balance of \$500 during the statement cycle. If the minimum daily balance is not met, there will be a service fee as set forth below.

**6. Account Limitations.** For Business Savings and Business Secondary Savings accounts, no more than six (6) preauthorized, automatic, or telephone transfers may be made from these accounts to another account of yours or to a third party in any month. For Business Savings and Business Secondary Savings accounts, five (5) withdrawals are allowed per quarter after which a fee will be charged. If you exceed these limitations, your account may be subject to a fee or be closed. For ATM transactions, the maximum cash withdrawal allowed is \$500.00 per day.
